

Ontario Fly in Pike Fishing

Ontario Pike Fishing

This is THE fly in fishing destination to visit if you are looking for a fantastic wilderness fishing experience for trophy northern pike and walleye. At Kesagami we pride ourselves on providing an awesome remote fishing experience second to none in northern Ontario, Canada. Our remote fly-in fishing "lodge" provides awesome pike and walleye fishing trips that will be remembered forever. Our 4-star American Plan fly in lodge provides excellent meals, accommodations in cabins or deluxe motel style rooms, guided or unguided fishing for trophy northern pike and walleye. We have many references that will attest to the excellent fishing, food and service.

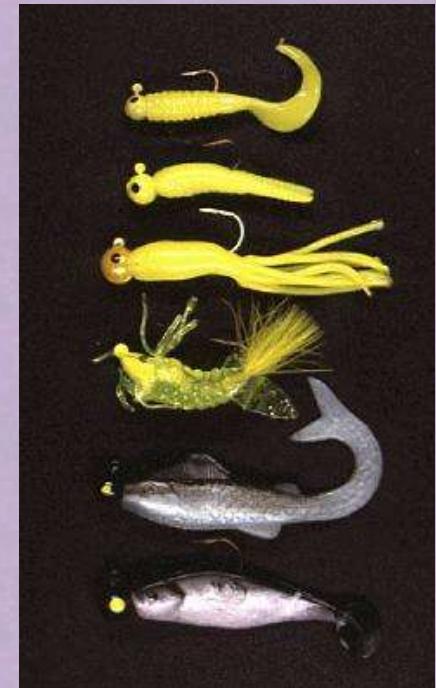

In 1995 we set the Canadian record for live release pike and we have unofficially broken that record many times over. Currently two trophy pike of 54" have been caught in the last few years with an estimated weight of more than 40lbs. In the summer of 2006 the lake yielded a 53" pike and a whopping 55" pike as well. Our remote fishery is highly protected with a selective harvest for walleye (for a sumptuous shore lunch) and a total catch and release policy for pike. Add to that a single barbless hook policy and that is why our fishing is so good! Give us a call or you can email us for a complete information package. You deserve to treat yourself to a truly unforgettable, fantastic Canadian fishing experience.

Walleye Wonderland

Fly-in fishing enthusiasts are now flocking to Kesagami, not just for the world-class northern pike fishing, but for the incredible walleye angling as well. Long famous for its trophy pike fishery, Kesagami also boasts one of the premier walleye fisheries in Canada.

“Guests sometimes forget that the walleye fishing at Kesagami is truly outstanding,” says Kesagami co-owner, Marsha Gibbs. The fact is that many Kesagami anglers fish only for walleyes, and well-documented catches of 100 fish per boat, even occasional 200 fish days, are reported by guests. “Eighty (80) walleyes in less than two hours fishing – while waiting to go on a trophy pike hunt !” reported the staffers of Fly-In Angling Adventures who visited the lodge in mid-July.

As it does at many far-north sites, the early-season provides non-stop action from morning through evening, with catches of 100 to 200 fish per boat per day often reported. After dinner on June 4 / 96, guests caught and released 150 walleyes right off the dock !

Accommodations & Dining

Kesagami Wilderness Lodge offers an exceptional level of comfort and services.

For more than twenty years Kesagami Wilderness Lodge has been extending warm, north-country hospitality to its angling guests. While at Kesagami, guests choose either private and intimate log cabins or stay in the magnificent lodge with its deluxe staterooms with private washrooms (showers, toilet).

After a day's fishing, join the others for a cocktail in the beautiful and spacious guest lounge. Ward off the chill by the massive stone fireplace, shoot pool, try a game of shuffleboard, enjoy a drink at the bar, or just relax, read, or watch a movie. As time allows, take a stroll along self-directed nature trails, fish off the dock, or share a quiet conversation or fish tales with friends or family in the privacy of your room.
